

EARTH

WRITTEN BY METHVEN FORBES

Verse one

The earth will know your name the whisper of your voice
Creation will again give praise
The Continents in drift, the nations ever change
But your power remains the same, you hold time

Chorus

The earth is yours, the earth is yours
The earth is yours, and all within
Will give you praise, will give you praise
Will give you praise, for who you are

Verse two

Your son, He radiates the glory of our God
Your grace made manifest for all
Creation cries aloud for us to carry forth
The Kingdom of our God here on earth

Chorus

The earth is yours, the earth is yours
The earth is yours, and all within
Will give you praise, will give you praise
Will give you praise, for who you are

Verse three

You live within our hearts, you shape what's in our hands
You guide our every step here on earth
Your light will shine for all to see what you have done
Restoring all who turn to your grace

Chorus (alternative)

The heavens above, the ground below
The universe, and all you made
Will give you praise, and celebrate
With shout for joy, and lift your name

Bridge

The universe, the heaven's above
The ground below the seas that roar
For all will see your life, a sacrifice
A saving grace that rescued me

And made away for all who turn to you
They will receive the gift of God
Now living in their hearts
A life restored
A life with hope
a life that's yours

No longer lost but found
You're breaking fallow ground

End

The earth is yours
The earth is yours Lord x2
