

TESTIFY

WRITTEN BY METHVEN FORBES

Verse One

You searched for me when
No-one else was looking
You called my name out from afar
You traced my path and
Found where I had wandered
No longer lost but found by you

Chorus

Your mercy, it surrounds me
Your love endures, it carries me
Through it all I'll praise you
My faith will testify
My faith will testify

Verse Two

You knew the years
I wandered in confusion
Yet still you never let me go
You formed and fashioned me
Made in your own image
You fearlessly created me
A child of God I'm made to be

Chorus

Your mercy, it surrounds me
Your love endures, it carries me
Through it all I'll praise you
My faith will testify
My faith will testify
My faith will testify
My faith will testify

Bridge

I'll stay the course, I'll walk the path
Your love it lights the way ahead
No turning back, no stopping me
I am yours I am yours

Chorus

Your mercy, it surrounds me
Your love endures, it carries me
Through it all I'll praise you
My faith will testify
My faith will testify
My faith will testify
My faith will testify

Bridge (alternative to end)

Your faithfulness it calls to me
Your love it beckons me to see
That in my wandering I know
I am safe, always safe
